

Welcome to 6-Figure University, a comprehensive and focused “higher education” for mission-driven entrepreneurs who want a business that serves them, not owns them.

## THE CORE BELIEF OF 6-FIGURE UNIVERSITY

**If you consciously choose it, it is possible to have significant financial abundance while working part-time.**

For some this is 3 or 4 days a week. For others it means summers off or lots and lots of long weekends. Whatever vision of *freedom* you saw when you chose to enter the roller-coaster world of being your own boss, we are here to help you see it through with ease and grace. We call this **Part-Time Profit Path™ Mastery**.

Lisa Cherney, founder of the university, has put together a group of Deep Dive Training Programs designed specifically to provide entrepreneurs with the precise skills they need to make \$100,000 a year and more, year after year with as little time investment as possible. In 6-Figure University, she has stripped away the costly distractions that entrepreneurs fall prey to, leaving behind a program that teaches ONLY the essential skills required to make a big impact and big money.

Lisa has combined the Deep Dive Training with eight other necessary elements that she knows ensures business owners stay ON course and OUT of their own way!

1. Community Support
2. Private Coaching
3. In-Person Training
4. Q&A Opportunities
5. Masterminding
6. Mentorship
7. Collaboration
8. Accountability

# HOW CAN I PARTICIPATE?

The 6-Figure University campus features two levels of participation. The majority of memberships available are in the 6-Figure U **Main Campus** while a small elite group can become a part of Lisa's 6-Figure U **Inner Circle**.

## THE MAIN CAMPUS

The **Main Campus** of 6-Figure University is for new or established businesses wanting a Part-Time Profit Path™ makeover. You may be a new coach just getting started, a seasoned consultant looking to stop trading hours for dollars, or a successful business owner wanting to offer a new category of product or service. Or, you may be in a category in between.

**The 6-Figure University Deep Dive Training Programs cover the following skillsets:**

1. **Marketing** message clarity and focused strategy
2. **Selling** techniques to easily convert conversations into clients
3. **Group Program** development to impact more people
4. **Speaking & Lead Generation** strategies
5. **Online Business Foundations** to be more efficient and reach more people

***These are the exact skills Lisa Cherney mastered to go from 80 hours a week and barely \$80K a year to a multiple 6-figure income working only 3-4 days a week.*** Up until 2012, these skills in this combination, with this philosophy, were only available to a small group of Lisa's private mentorship clients.

Now, with the founding of 6-Figure University, The Part-Time Profit Path™ Mastery Training is available to qualified mission-driven business owners ready to consciously choose a *6-figure, part-time* business.

**Well beyond business skills, peace is a central element of 6-Figure University.**

## **Peaceful Prosperity Practices™**

The Peaceful Prosperity Practices™ are about mastering the art of balancing head and heart, strategy and spirit. Through these practices, we acknowledge that logic only gets us so far then the need for intuition kicks in. In fact, the underpinning of the entire 6-Figure University program is about maximizing inner and outer alignment to maximize income and impact.

You can be sure these practices are for you if you're ready to hear this greater truth:

If your business does not *feel good*, it is unlikely it will evolve into your vision of freedom and success. Instead it may wind up feeling like just another "J.O.B.".

Specific Peaceful Prosperity Practices™ will be taught several times a year during special training calls and at the live labs.

## **WHAT WILL MY SUCCESS BE?**

---

Your success will depend largely on the action you take. If you have that fire in your belly and a willingness to *seek support* when things aren't burning as hot as you would like, the sky is the limit.

By now, you have heard the stories of success from many of Lisa's clients and have a rainbow of examples to look at and find yourself.

Depending on where you are starting from, in one year you can have a business solidly poised to reach 6-figures in record time. You may also start seeing those zeros added to your income within 9 months or less. Whatever the case, you will feel like you have a solid, tangible, highly monetized business that you most desire.

## **WHAT WILL WE DO?**

---

We will be a team, working together to support each other's success. We will laugh a lot and work consistently toward your goals. The 6-Figure University program is structured so that we will be connecting in some way **at least once a week**.

Whether it's a Deep Dive training call, office hours with your professors and coaches, or a Mentorship & Mastermind call with Lisa, you'll work directly with us every week to keep you on track and allow us to provide you with the help you need, when you need it. We will also have Live Labs a couple times a year where we will meet in person to practice the skills you've learned, mastermind in small groups, learn new techniques, and create connections that launch businesses and lifetime friendships.
